Can I contact my customers?

Anna Zozulenko - 2025-07-16 - Sell on Bloop Marketplace

Yes, in Seller mode, you can contact your customers by following these steps:

Switch to seller mode.

Go to the main menu and locate the list of all your customers.

In the customer list, you'll see the total number of orders from each user.

Click on the customer's name or profile to view their details. You will have the option to contact them by sending messages by clicking the chat icon.
