## Change language

Anna Zozulenko - 2025-07-01 - General

You can change the language by following these steps:

Click on the "Menu" icon on the bottom right corner of the bottom bar;

In the "Account" section, click on the option "Change Language".

Select the language you would like to use from the following options:

English  
Spanish  
French  
Russian  
Hindi  
Italian  
Chinese (simplified)

After selecting your preferred language, click "Save." Your app will be updated to the language you selected.
